NAME AND CONTACT OF PROCURING ENTITY:

Islamic Relief Kenya
Kirichwa Road, off Ngong Road
P.O.BOX 417 – 00202 KNH, Nairobi

Email: procurement.Irk@islamic-relief.or.ke

INSTRUCTION TO BIDDERS

Established in 1984 in the UK, Islamic Relief is an international NGO seeking to promote sustainable economic and social development by working with local communities through relief and development activities regardless of race, color and religion, and without expecting anything in return.

IR started operations in Kenya in 1993 on orphan's sponsorship programme through a local CBO in Mandera District, Northern Kenya. It opened its fully-fledged office in March in 2006 at the height of drought in the Horn of Africa. Since then, IR has been providing humanitarian and developmentassistance to vulnerable communities. Over these years it has implemented various developmentand relief activities in Mandera. This has remarkably changed the lives of the vulnerable and disadvantaged communities. In January 2010, IRK extended its operation to Wajir County and in January 2012 expanded to Garissa and Dadaab, and in October 2017 opened a programme office in Kilifi County.

Islamic Relief Kenya focuses on resilience projects namely: Food Security and Livelihoods, Water Sanitation and Hygiene, Cash Transfer Programming, Orphans Support and Sponsorship, women Empowerment, Education and Peace-building.

The LDP project is under implementation in Kilfi County Kenya. It aims to implement inclusive climate adaptation and resilience actions and strategies at grass root levels to increase the adaptive capacity and level of climate resilience of the target communities, the project outcomes are,

- 1. Increased access to potable and sufficient water for human and livestock consumption and for small-scale irrigation.
- 2. Improved agricultural and livestock productivity through supporting extension services and climate smart agricultural practices, for optimal food production.
- 3. Increased income and asset growth for the unemployed urban, and peri urban youths.
- 4. Strengthened community managed disaster risk reduction capacity.

In order to achieve this, IRK is raising this tender document for the CONSTRUCTION REHABILITATION AND WATER WORKS AT MWAMRAMA BOREHOLE IN RABAI SUB COUNTY KILIFI COUNTY.

Interested eligible bidders can download a complete set of tender documents with evaluation criteria from the Islamic Relief Kenya website: https://islamic-relief.or.ke. Complete one tender document in pdf format (max 25mb) with subject as tender name and reference number to be submitted via email tenders@islamic-relief.or.ke no later than January 21, 2025, at 11:00 am

A complete set of tender documents may be obtained Free of Charge by interested candidates by downloading from the link provided: Islamic Relief Kenya website: https://islamic-relief.or.ke

Bid Submission Requirements

Interested bidders are advised to read the submission instructions carefully to ensure compliance **Submission Email**: To be submitted via email: tenders@islamic-relief.or.ke

Single PDF Document: Each bid must be submitted as a single, consolidated PDF document (Max 25mb). Multiple or fragmented submissions will not be accepted.

Bidder Email: Interested bidders may submit their bids **ONLY** from the official email address of the bidder or company

Direct PDF Attachment Only: Bid documents must be attached directly as PDF files in the submission email. Links to external file-sharing platforms, such as Google Drive or Dropbox, are not permitted and will not be reviewed.

Subject Line Specification: Bidders must include the tender name and reference number in the email subject line to ensure proper filtering and identification of submissions.

Disqualification Notice: Failure to adhere to these submission requirements will result in the disqualification of the bid.

Tender Name: Construction Rehabilitation and Water Works at Mwamrama Borehole in Rabai Sub County Kilifi County

Tender Ref No: IRK/KLF/LDP/WORKS/004/01/2024

- It is advisable that the bidder at own cost and convenience to undertake a physical visit and assessment of the particular site for the proposed works prior to the compilation of the bid.

10. Bid Currencies

The bids prices shall be quoted in Kenya Shillings (KES).

11. Bids Prices

- The potential contractor shall submit his/her bid in the BOQ format provided in Annex I
- The bidders shall indicate the unit price where possible and the total bid price as indicated in the BOQ.
- Prices quoted by the bidder shall be fixed during the performance of the contract.

12. Withholding Tax

IRK shall retain 3% of contract value as withholding tax and remit to the government. A receipt shall be issued for this.

13. Retainer

IRK shall retain 10% of the contract value for a period of 6 months being defect liability.

14. IRK's right to vary quantities at the time of the award

IRK reserve the right at the time of award of contract to increase or decrease by up to 10% the quantity of work specified in the technical specification without change of unit price or other terms of condition.

15. IRK's right to accept any bid and/or reject any or all bids

IRK reserves the right to accept any bid and to annul the bidding processes and reject all bids at any time prior to award of contract, without, thereby incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders on the grounds of its action.

16. Submission of Bids

The bidders shall submit their bids in one envelope marked with Tender Name and Reference.

17. Evaluation

- 18.1 IRK will examine the prequalification documents to determine completeness, general orderliness, sufficiency in responsiveness, price and product brand.
- 18.2 The potential contractor shall not contact IRK on matters relating to their bid from the time of opening to completion and official communication sent to them. Any effort by the potential contractor to influence IRK in the evaluation shall result in disqualification.
- 18.3 Prequalification will be based on meeting the minimum criteria regarding the applicant's legal status, general and experience, personnel and financial position as demonstrated by their responses as set in clause
- 18.4 The applicants <u>MUST</u> have registered offices and IRK reserves the discretion of visiting physical premises from which the applicant conducts business if so desired to confirm existence and capability to execute the contract.
- 18.5 Due diligence shall be undertaken, and any bidder found to be in breach by providing false information shall be disqualified.

19. Employment of Minors

The Contractor shall not employ children in executing the contract. The Contractor shall observe international conventions relating to child labor namely the UN Convention No.182 on worst forms of child labor and convention No. 138 on the minimum age for admission to employment.

20. Criminal Act

The Contractor undertakes to comply with all applicable laws and to ensure that it does not engage in any kind of criminal activity including but not limited to bribery, fraud, corruption, terrorism and to maintain ethical business practices as well as not to commit any Prohibited Acts defined as: -

- i) To offer, promise or give any person a financial or other advantage.
- ii) To request, agree to receive or accept any financial or other advantage not expressly provided for as an inducement or a reward for the performance of any function or activity in connection with this Agreement.

BEAM DETAIL

GENERAL.

. All dimensions are in mm unless otherwise specified

2. Dimensions to be read, not scaled.Only

figured dimensions to be used.

Contractor to check and verify all

dimensions on site before commencement of any works

CONSTRUCTION

1. All slabs at ground level to be poured over 1000 gauge polythene sheeting on 50 mm thick murram bliding layer which on 300

hardcore fill.

2. All soil under slabs and all around external foundations to be treated against termites.

STRUCTURAL.

1 All black cotton soil to be removed from below all building and payed surfaces

2 All soil under slabs and all around external

foundations to be treated against termites. 2. Building to be clear of black cotton soil

within 3m outside the perimeter wall.

3. For all R.C works, refer to structural

drawings.

4. Depth of foundation to be determined on the

site to structural Engneers Approval. MECHANICAL.

 All plumbing and drainage to comply with local authority regulations.
 All service ducts to be accessible from all floors .

3. SVP denotes soil vent pipe to be provided

4.P.V permanent ventilation,to be provided on

all doors and windows except bathroom and

5. All underground foul and waste drain pipes

shall be upvc to comply with Bs 5255. 6. All inspection chamber covers and framing

shall be cast iron to comply with Bs 497 table

2 grade A.

7. The storm drain pipe to comply with Bs

556 minimum slope in the drain pipes in 1%.

s. All testing of pipes must be done before
